

Restaurant Review

Have you ever been to Maxie's? It's the best restaurant! I love their service, food, and their entertainment. If you like restaurants, then you'll love Maxie's!

Maxie's food is the greatest thing I've ever tasted in my life! Their pancakes are as big as the plate! The pancakes are warm, delicious, and soft. It smells as good as it tastes! The bacon warms my heart. If you love crispy bacon, then get the bacon. Also, I've never have had hotdishes like theirs! It is really cold and amazing. Their food is phenomenal!

Maxie's service is amazing! The waiters are very nice. They ask you what you want in a kind voice. Also the waiters give you a friendly smile. They check up with you to see how good the meal is, but it is always excellent. They make no mistakes. Not one bit of a mistake.

I love their service.

Their entertainment is outstanding. They give you coloring paper and crayons to draw with. I has a maze shaped into a football. Also, there's a word search on it. The waiters bring you Wiki Sticks. Wiki Sticks are sticky and you can create whatever you want with it. They stick to each other.
